

Important information on the buy/sell spreads of the Antares Enhanced Cash Trust

25 September 2020

This document is issued by MLC Investments Limited, ABN 30 002 641 661 AFSL 230705, ('MLC'), as responsible entity of the Antares Enhanced Cash Trust ('Trust'). This document contains updated information for the Information Memorandum ('IM') in respect of each Trust issued in October 2019, updated 22 May 2020.

Before making a decision to invest in the Trusts, you should read this document in conjunction with the relevant IM, and in particular the section of each IM that provides information under the heading 'Buy/sell spreads'.

Updated buy/sell spreads

Buy/sell spreads are incurred when investors apply for or redeem units in the Trust. They reflect the transaction costs associated with the purchasing and selling of assets within the Trust in order to issue units or pay redemption proceeds to investors. The application of buy/sell spreads to the Trust ensures fair attribution of costs between transacting and non-transacting investors. Buy/sell spreads are not fees paid to MLC.

In light of current market conditions, the buy/sell spreads for the Trust are likely to vary from time to time and may increase or decrease significantly. MLC has reviewed the buy/sell spreads for the Trust and the outcome of our review, with effect from 25 September 2020, is reflected in Table 1.

Table 1

Portfolio	Previous buy/ sell spreads	Effective 25 September 2020 buy/ sell spreads
Antares Enhanced Cash Trust	+0.02% / -0.02%	+0.01% / -0.01%
