

Important information on the Buy/Sell spreads of the Antares Inflation Linked Bond Fund

9 April 2020

This document is issued by Antares Capital Partners Ltd (ABN 85 066 081 114 AFSL 234483), ('ACP') as responsible entity of the Antares Inflation Linked Bond Fund ('Fund'). This document contains updated information for the Information Memorandum ('IM') in respect of the Fund issued in January 2019.

Before making a decision to invest in the Fund, you should read this document in conjunction with the relevant IM, and in particular the section of the IM that provides information under the heading 'Buy/Sell spreads'.

Updated Buy/Sell Spreads

Buy/Sell spreads are incurred when investors apply for or redeem units in the Fund. They reflect the transaction costs associated with the purchasing and selling of assets within the Fund in order to issue units or pay redemption proceeds to investors. The application of Buy/Sell spreads to the Fund ensures fair attribution of costs between transacting and non-transacting investors. Buy/Sell spreads are not fees paid to ACP.

Due to increased volatility in global investment markets following the uncertainty driven by COVID-19, there has been a marked increase in transaction costs across asset classes.

ACP has reviewed the Buy/Sell spreads applied to the Fund and the **changes to, and introductions of, spreads as an** outcome of our review, with effect from 9 April 2020, are:

Portfolio	Previous Buy/ Sell Spreads	Effective 9 April 2020 Buy/ Sell Spreads
Antares Inflation Linked Bond Fund	+0.00% / -0.00%	+0.00% / -0.35%

Future Changes to Buy/Sell Spreads

In light of current market conditions, the Buy/Sell spreads for the Fund are likely to vary from time to time and may increase or decrease significantly. The latest Buy/Sell spreads for the Fund are available on our website <https://www.antarescapital.com.au>. It is important for investors to consider the latest Buy/Sell spreads before applying for or redeeming units from the Fund.
